

Love Sharma

Full Stack Developer | MERN Stack Developer

Uttar Pradesh, India | love.sharma.enigneer@gmail.com | 9170762642 | [LinkedIn](#) | [GitHub](#)

Aspiring Full Stack Developer with strong skills in JavaScript, React.js, Node.js, HTML, CSS, and modern web development technologies. Experienced in building responsive, user-friendly web applications through academic and personal projects. Possesses a solid understanding of Data Structures, Algorithms, and software development fundamentals. Passionate about problem-solving, continuous learning, and creating scalable digital solutions. Eager to contribute technical skills and grow as a software engineer in a collaborative development environment.

Technical Skills

Languages: JavaScript (ES6+), Java, HTML5, CSS3, SQL
Frontend: React.js, Next.js, Redux, Tailwind CSS
Backend: Node.js, Express.js, RESTful APIs, Redis
Databases: MongoDB, PostgreSQL
Infrastructure/DevOps: Docker, Nginx, Git, GitHub, Netlify, Vercel
Tools & Platforms: VS Code, Postman
Core Competencies: Full Stack Development, Responsive Design, API Integration, Data Structures & Algorithms, Problem Solving, Agile Development

Projects

1. AuthFlow Pro – Full-Stack Authentication System

React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS

- Developed a secure full-stack authentication system with user registration, login, logout, and protected routes using JWT and HTTP-only cookies.
- Implemented email verification and password reset workflows using OTP-based authentication with Nodemailer and Brevo SMTP integration.
- Built responsive and user-friendly interfaces with React and Tailwind CSS, ensuring a seamless experience across desktop and mobile devices.
- Designed RESTful APIs with Express.js and MongoDB for authentication and user management, following secure password hashing practices with bcrypt.

2. Portfolio Website

React.js, Tailwind CSS, Netlify

- Designed and deployed a personal portfolio showcasing projects and technical skills.
- Implemented smooth animations and responsive layouts for improved user engagement.

- Integrated GitHub API to dynamically display repositories and contributions.
-

Experience

Software Development Intern

Next24Tech (*Ongoing Internship*)

June 2026 – Present

- Working on full-stack web development projects using modern JavaScript technologies.
 - Developing and maintaining responsive user interfaces and backend APIs.
 - Collaborating on real-world software engineering tasks, including debugging, feature implementation, and code optimization.
 - Applying version control, REST APIs, and modern development workflows in a professional environment.
-

Education

Bachelor of Computer Applications (BCA)

Currently Pursuing

- Relevant Coursework: Data Structures & Algorithms, Operating Systems, Computer Networks, Database Management Systems, Web Development, Linux Administration.

Senior Secondary (Class XII)

- Completed from a recognized board in India.

Secondary (Class X)

- Completed from a recognized board in India.
-

Certifications

- **Building & Deploying Applications with Google AI Studio** – GUVI × HCL (January 2026)
 - **ChatGPT for Everyone** – GUVI × HCL (January 2026)
 - **Foundations of Full-Stack Development: How Websites Really Work** – Physics Wallah (December 2025)
 - **Build Spotify-Like Backend: Node.js & MongoDB for Beginners** – Physics Wallah (December 2025)
-

Achievements

- Solved 50+ coding problems on LeetCode and HackerRank.
 - Ranked in top 10% in university-level coding competitions.
 - Contributed to open-source projects on GitHub with 100+ stars collectively.
-
